1. ASUH Minutes

President Li

Minutes are important for they are proof of everything we have done and are currently doing in ASUH. We are here today for the failure of our past secretaries turning in minutes on time and for my own failure for not stepping in until it was too late. I must apologize to you all because these minutes have prevented us from giving out respective monies to organizations, constituents, and senators due to not being able to codify them. I am truly grateful that all of you have come in today to help codify all of these minutes and past legislative bills, acts, and resolutions.

Advisor Manini

As you consider these pieces of legislature this evening, the decisions made tonight will supercede any past decisions made prior. So please be clear that what happens and what is said tonight will supercede any past motions/decisions made in previous minutes.
